Free Punch needle Instructions

PUNCH NEEDLE CUSHION

Stylish pillow with abstract floral pattern

STEP BY STEP

Material:

- Essentials Mega Wool chunky
- Soft cotton fabric (Monk's cloth),
2× 48×48cm, 46 stitches to 10 cm
- Punch needle for thicker yarn
- 4 threads of stranded cotton to
sew the cushion together
(floss with divisible thread)
- Pillow case with feathers
40×40 cm
- Textile glue

Insert the fabric into an appropriate embroidery frame. Transfer the pattern onto the fabric. The template is mirror-inverted and is drawn onto the reverse side of the fabric. Turn the frame and trace the stalks onto the front side. These are embroidered in satin stitch first, using setting D. Turn the frame again and embroider the blossoms and leaves on the reverse side as shown, using the levels A, B, C and D. Turn the embroidered design onto the front side and finish with satin stitch (using setting D). To make sure the loops stay in the correct place, fix the reverse side using textile glue. When the glue is dry, sew the cushion together by hand using the stranded cotton.

Essentials Mega Wool chunky
